Global presence

- In more than 30 countries from 1928
- More than 2200 employees
- Main global investment centres in Boston, Dublin and Singapore, supported by 12 local investment centres

Widespread activity

- More than € 172 Bn¹
- The 39 biggest fund management according to the Global Investor Survey (January 2009)
- Among the 3 biggest in Italy, Austria and Germany²

Solemn reputation in this industry

- M2+ rating by the Fitch (2004) and reconfirmed in 2008³

Strong background but an independent company

- Part of the very first European Bank, UniCredit
- Strong business governance traditions

1. Pioneer Investments, September 2009.

2. UniCredit Research, January 2009.

3. This Fitch Rating refers to the Pioneer Investments offices in Milan, Dublin and Boston.

Why did we join?

Environment protection vs investments

- A very interesting target for the investors
- It is a hot subject to the financial industry as well
- More investment products have been developed in the recent past

Nowadays more investors have the demand for investments that do invest in environmental protection related businesses.

This procedure shows the social responsibility of investors and these companies are getting more attractive investment targets, representing one of the fastest developing sector in the world.

Pioneer Fund Management Ltd. | 28th Oct 2009

Why did we join?

The Pioneer Fund Management also has many funds that invests into the above mentioned companies (Pioneer Global Sustainable Equity and Global Ecology), providing good investment targets for our clients.

Social responsibility is more and more important for our „internal customers“, to our employees who are willing to work in socially sensitive environment.

The environment protection and the CDP Project should be important for all of us – this is our internal need to live in a better and healthier environment.

We know it's a very long procedure and it should be started right now...

And we hope that our children will discover this saved environment as well...

Pioneer Fund Management Ltd. | 28th Oct 2009

Thank you
